Brittany Rosati
September 18, 2013
Client: Kaitlyn

S: The client was participative and attentive throughout the entire session. She remained focused on the conversation and did not stray off topic.

O: Client will produce /s/ in all positions at conversation level with 100% accuracy.
          Current data: 98% accuracy (98 out of 100), 2% error (2 out of 100)

A: Client produced /s/ at the conversation level with 98% accuracy. She was able to consciously differentiate between correctly producing /th/ and /s/ while both sounds appeared in the same word.

P: Continue plan until client reaches producing /s/ in all positions at conversation level with 100% accuracy.
